Youngstown Kitchens

MULLINS MANUFACTURING CORPORATION • WARREN, OHIO

Youngstown Kitchens are sold throughout the World

MODERN TODAY — MODERN TO STAY

Youngstown Kitchens offer *double* sales appeal to every prospect: the best-known name among steel kitchens by 5 to 1, plus assurance against early obsolescence.

Beautiful, easy to install and readily adaptable to any floor plan, these standardized, all-steel Youngstown Kitchens units can be

combined into hundreds of arrangements to give "dream-kitchen" appeal at low cost.

These are kitchens that will stay modern for years to come . . . made by Mullins Manufacturing Corporation . . . the world's largest makers of steel kitchens and pioneers in the kitchen equipment field.

For here are all the latest kitchen advances in the most complete line of kitchens available

. . . plus the greatest of all, the beauty of built-in kitchens with the economy and durability of steel

AND THESE ADVANTAGES HELP YOU SAVE:

- ★ Delivery timed to match installation schedule.
- ★ Every unit complete, ready to install.
- ★ Easy installation saves time and money.
- ★ Arrangements to fit any space and cost requirement.
- ★ Expert help in kitchen planning by Youngstown Kitchens specialists.

Diana-style
YOUNGSTOWN KITCHENS

New Diana ensemble sinks give planning flexibility to even the smallest kitchen . . . make possible compact, handsome arrangements that use every inch of kitchen space and meet all work space and storage needs.

And the beauty of Diana ensemble sinks is beyond compare. Streamline design contributes graceful lines that flow unbroken through adjoining base cabinets in stainless steel back-splash and trim. More kitchen features can be included in any given space.

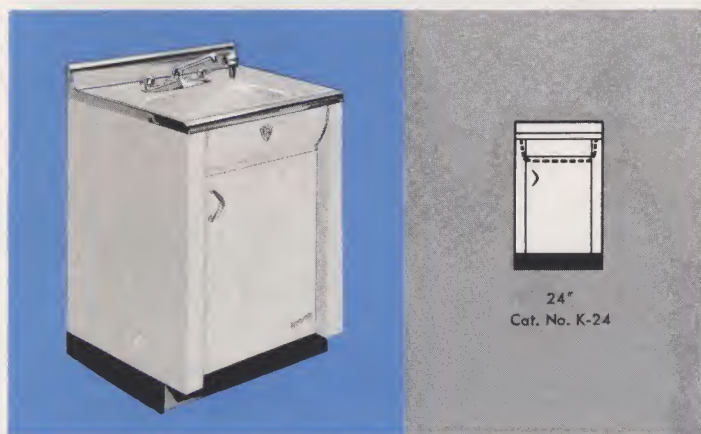

Diana ensemble sinks and Diana-style Youngstown Kitchens are the longest forward stride in more than 19 years of kitchen history!

NEW DIANA ENSEMBLE SINKS

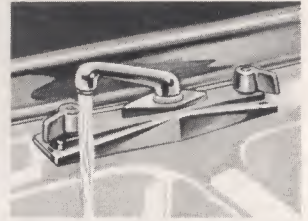

have all these
special features

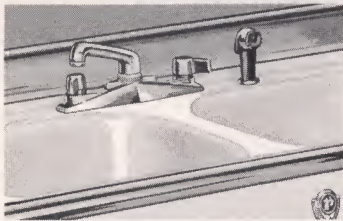

Double-terraced, sanitary rim, stepped downward for positive draining, keeps water from splashing over. Spacious, no-splash bowls.

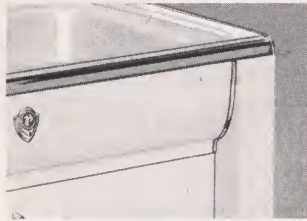

Smartly styled Easy-V handles, with gleaming chrome finish, make Diana-style Youngstown Kitchens truly distinctive. A touch opens drawers and doors.

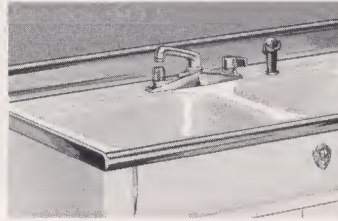

Swinging mixing-faucet, chrome-finished, allows accurate control of water temperature. New streamline design.

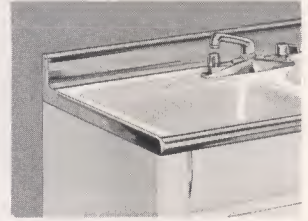

Stainless steel back-splash and front trim match base cabinet back-splashes and trim for a built-in, continuous trim effect . . . for a true made-to-measure look.

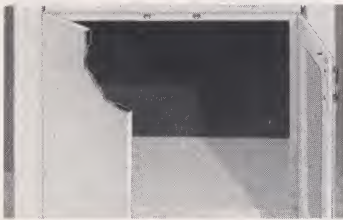

Recessed toe and knee space and just-right height (36") for easy standing. Knee space is handsomely contoured and trimmed with stainless steel.

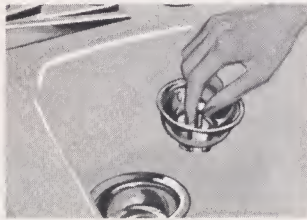

One-piece, acid-resisting porcelain-enamelled steel top on Youngstown Kitchens Diana ensemble sinks and Diana-style cabinet sinks, gives greatest durability. Easily cleaned.

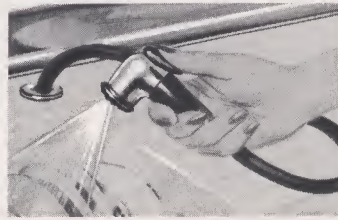

All-steel construction, die-made to give rounded, no-snag corners and edges. Built to last a housetime. Hi-Bake enamel finishes wipe clean easily.

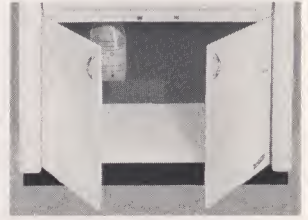

Sound-deadened doors, with positive-action torpedo catches, close firmly and quietly on rubber bumpers. Doors swing wide on concealed hinges.

Crumb-cup strainer converts sink bowl to dishpan with a turn, lifts out for easy cleaning, protects drains from clogging.

Handy, flexible rinse spray is included on all Diana ensemble sinks. Trigger-operated spray reaches every part of top and bowl, has many uses.

Roomy undercabinet storage space gives plenty of room for installation of Food Waste Disposer and storage of bulky items.

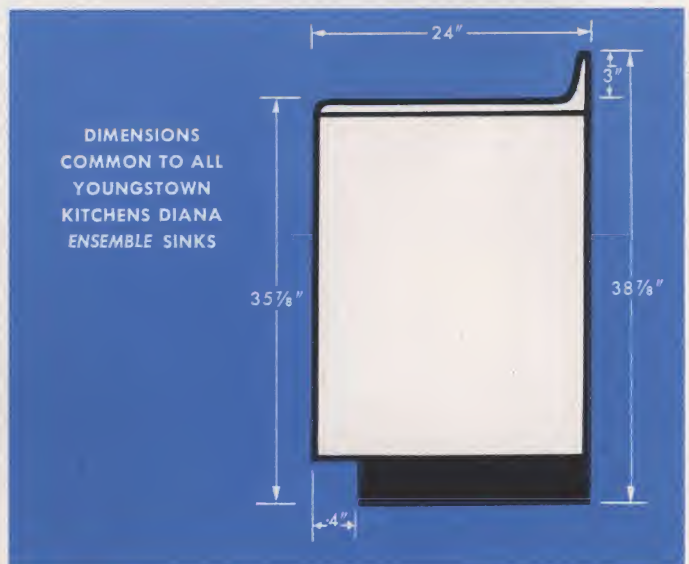

SPECIFICATIONS:

Cabinets shall be manufactured of highest-grade, cold-rolled steel, free from rust and defects. Doors shall be of double-walled construction, sound-deadened and equipped with rubber discs to cushion closing.

Sinks shall be deep-drawn enameled steel, with integral bowl, roll rim, ledge and drainboards (when specified). Top shall be 14-gauge steel. All exposed surfaces, including bowl, shall be finished with white, acid-resisting porcelain enamel. All sinks shall have a stainless steel, coved back-splash 3" high, and be single- or double-bowl, as specified.

Provision shall be made for the installation of plumbing. Ventilation apertures on front of cabinet shall be concealed. All parts of the cabinets shall be spot-welded and each part die-made. Sub-base shall be of heavy-gauge steel, finished in black enamel. Undersink cabinets shall be finished in white synthetic enamel, two coats applied and baked on.

Hinges shall be concealed type with fixed stops. Faucet and handles shall be chrome-finished, attached at factory. All trim shall be of stainless steel.

NEW

Diana-style

ENSEMBLES

**GREATEST PLANNING FLEXIBILITY EVER!
MORE WORK SPACE, MORE BEAUTY IN
EVEN THE SMALLEST KITCHEN!**

New Diana-style Youngstown Kitchens increase kitchen-planning possibilities and at the same time give that distinctive built-in look so long sought after.

Just look at the marvelous appeal these new Diana-style Youngstown Kitchens offer you:

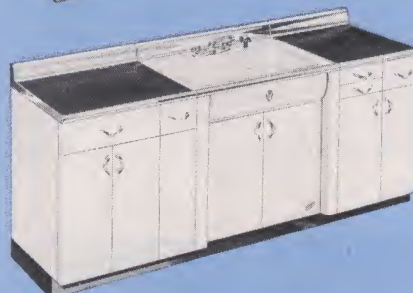

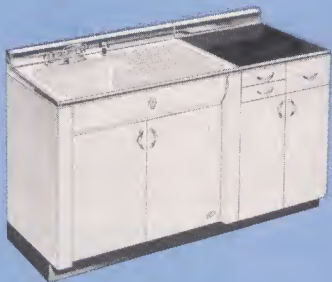

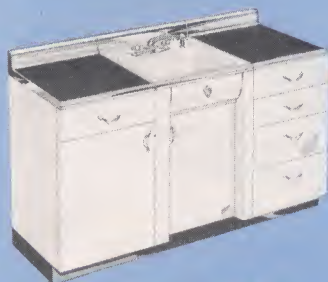

Beauty—the most beautiful kitchens ever! And a new continuous, unbroken trim effect!

Flexibility—more planning flexibility from the smallest to the largest kitchen! A beautiful, efficient Diana-style ensemble takes as little as 39" of wall space.

Continuous work surface—more work space than is possible with a conventional sink—even in the smallest kitchen!

More features—new Diana-style Youngstown Kitchens allow more *selling* features in any space. Beautiful all-new units give added appeal.

Here are just a few of the many beautiful ensembles possible . . . to give you an idea of the new planning flexibility that makes every inch of kitchen space work for you.

Just 66" wide! And look at the planning possibilities! The 7 Diana ensembles shown above are just a few of the many, many ways Diana ensemble sinks and base cabinets can be combined for greater appeal.

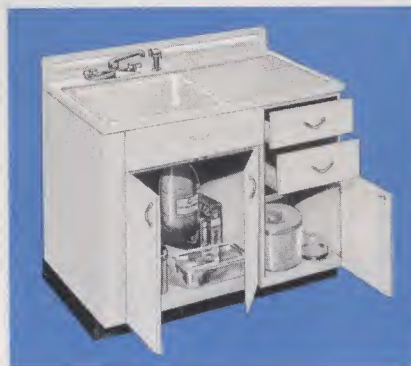

Features! Look at the choice in features the new flexibility of Diana ensemble sinks allow in any given space. These 3 arrangements take 90" and offer more work-saving features than ever!

ROTARY CORNER BASE CABINET

Makes full use of otherwise-wasted corner space. Three shelves revolve together on ball bearings, so that any article can be reached without upsetting or removing other items. Each shelf has a lip around the outer edge to hold articles in place. Shield in back prevents lost articles.

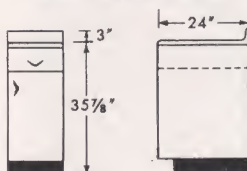

CORNER FILLER

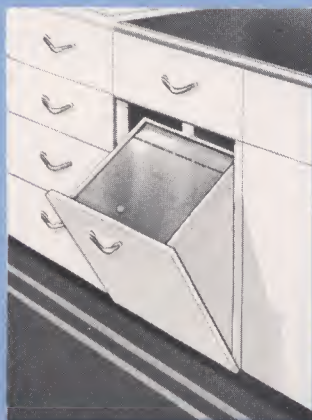

MIXER-GRINDER CABINET

(RIGHT OR LEFT HINGE)

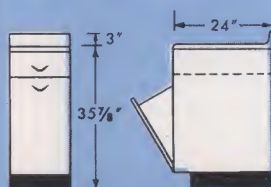

B-1836-MG

NEW! Tough maple shelf lifts easily and locks in front of cabinet at right height for electric mixer. Food grinder easily attached. Door hinges right or left. Width: 18".

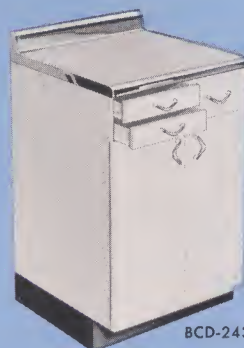

FLOUR BIN BASE CABINET

FB-1536

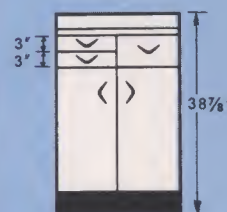

Holds up to 50 lbs. of flour. Hinged steel lid. Flour bin tilts out for easy access to contents.

... AND THESE NEW SPECIALIZED-STORAGE UNITS!

CUTLERY BASE CABINET

BCD-2436

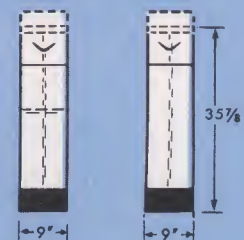

NEW! Handsome unit for storage of cutlery, silverware and other items. Has two shallow drawers, one deep drawer, all linoleum-lined; and storage space below.

9-INCH TRAY CABINET

BTS-936

BT-936

NEW! Combines with any width Diana-style base cabinet. Two models: 4 compartments with shelf, 2 compartments without shelf. Rod dividers allow clear view of contents.

WITH THESE IMPORTANT FEATURES!

All-steel construction, die-made for rugged durability. Rounded, easy-to-clean contours. Doors and drawers won't warp or stick.

Continuous trim effect of Diana-style base cabinets with Diana ensemble sinks gives built-in look. Stainless steel back-splashes match Diana ensemble sink back-splashes.

Hi-Bake enamel finishes wipe clean with a damp cloth. No repainting, no retouching. Rich, soft white blends with any color scheme.

Sound-deadened doors, with positive-action torpedo catches, close firmly and quietly. Rubber bumpers cushion closing. Doors swing wide on concealed hinges.

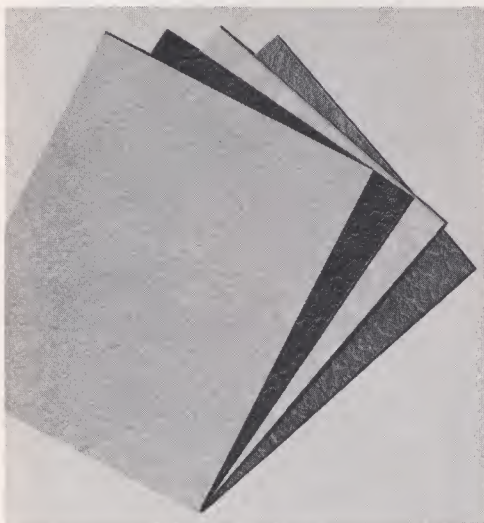

Easy-gliding drawers, with new contour runners, glide easily even when fully loaded. Heavily insulated drawer head deadens sound.

Smartly-styled Easy-V handles, with gleaming chrome finish, add distinction—an easy touch opens drawers and doors.

Recessed toe space, 4" high, makes standing easier. Correct working height (36") of counter tops saves stooping, stretching.

YOUNGSTOWN KITCHENS CABINET TOPS—MOST POPULAR MATERIALS

GENUINE BEAUTY-BONDED FORMICA

Famous, nationally-advertised Formica in its four best colors: Pearl Gray, Yellow Moonglo, Red Moonglo, Green Moonglo. Handsome patterns and colors have depth and brilliance, won't fade.

Long-wearing, smooth, hard surface won't craze or crack, resists scratching. Unharmed by ordinary solvents, household acids and alkalis. High-pressure-laminated plastic bonded to steel.

LINOLEUM

Finest quality linoleum in three most popular colors: Black, Chinese Red, Marbelle Red. Attractive, uniform coloring.

Resilient—quiets clatter, reduces breakage. Resists discoloring caused by alkalis of many soaps or by

food acids. Durable—does not chip or crack. Bonded to steel.

EDGE-GRAIN MAPLE

Tough as a butcher's block, as beautiful as furniture. So handy for every kitchen job involving cutting and trimming. Every kitchen should have at least one. Made of hard, thick maple, laminated side to side with edge-grain surface.

Diana-style Maple Top has stainless steel trim front and back. Also available, as illustrated, without front and back trim and with maple back-splash. Either style available in 24" and 36" widths; can be cut to narrower widths.

Continuous corner cabinet tops are available in genuine Formica and linoleum. Sizes: 61" x 31" (right or left), 61" x 25" (right or left).

Breakfast bar top is available in lengths up to 60". Installed with half-round base what-not, this handsome assembly adds beauty, utility to any kitchen. Available right- or left-hand in Formica and linoleum.

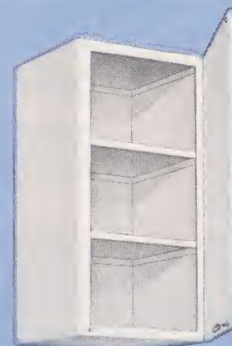

Continuous cabinet tops are available in 15" to 72" lengths (in 3" multiples); genuine Formica and linoleum.

NEW sealer inserts, only 3/8" wide, form a flat, dirtproof, liquidproof seal between adjoining base cabinets. Attractive—finished in stainless steel to match back-splash and front trim.

Two types available: one connects sinks to adjoining base cabinets, the other connects adjacent base cabinets. Permanent sealing compound supplied with inserts.

Base and wall fillers match adjoining cabinets, fill odd-sized spaces. Base filler has 4" toe recess. Wall fillers available in 18" and 30" heights. Base and wall filler widths: 1", 1 1/2", 2", 2 1/2", 3", 3 1/2", 4", 4 1/2", 5", 5 1/2", 6".

YOUNGSTOWN KITCHENS ACCESSORIES

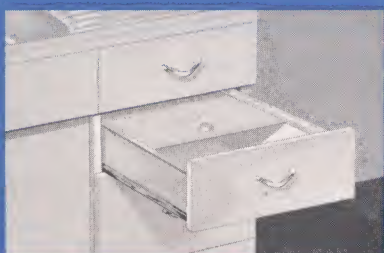

Cutlery compartment fits 15", 21" and 27" base drawer cabinets. Each has one fixed and three movable partitions.

Drainboard mats are ribbed to carry drainage to bowl. Made of synthetic rubber.

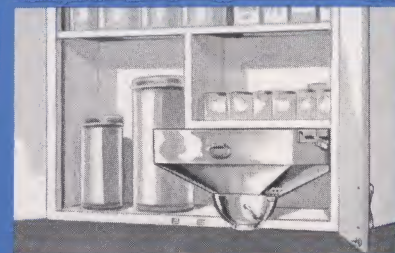

Drain baskets are available in sizes to fit all Diana ensemble and Diana-style cabinet sink bowls. Covered with synthetic rubber.

Bread box fits third drawer of 21" and 27" base drawer cabinets, third or fourth drawer of 54" DeLuxe and 66" Twin Cabinet sinks. Metal, ventilated box.

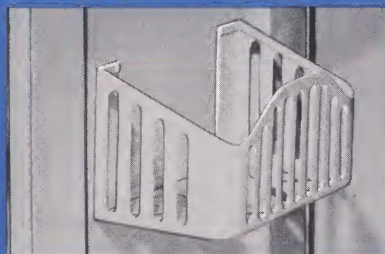

Vegetable basket, linoleum-lined, fits sliding shelf on 48" Twin Cabinet Sink, 54" DeLuxe and 66" Twin.

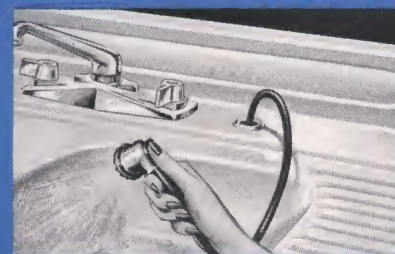

Flour bin, equipped with sifter, fits any wall cabinet. Metal bin, on runners, pulls out for easy access.

Aerator mixes air bubbles with water to give gentle, no-splash flow; fits all Youngstown Kitchens faucets.

Soap-box rack fits inside Diana Ensemble sink and Diana-style cabinet sink door. Keeps soap, cleaning supplies handy.

Rinse spray, trigger-operated, reaches every part of sink top. (Included on some models; available as an accessory on others.) Easily installed.

YOUNGSTOWN KITCHENS

JET-TOWER[®] DISHWASHER and ELECTRIC SINK

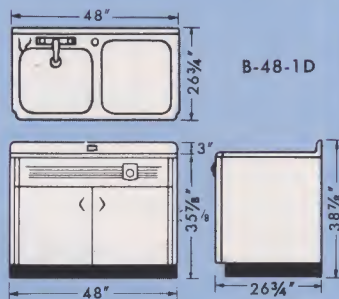

Youngstown Kitchens Automatic Dishwashers completely modernize dishwashing . . . end hand dishwashing drudgery *forever!*

Here's the sales appeal of the most timesaving, work-saving appliance a home can have. In just 9 $\frac{3}{4}$ minutes, Youngstown Kitchens Jet-Tower Dishwasher does all dishes—even pots and pans—hygienically clean, sparkling bright.

Make sure the kitchen you plan will stay modern for years to come. Install a Youngstown Kitchens Jet-Tower Dishwasher or Electric Sink to insure against early obsolescence.

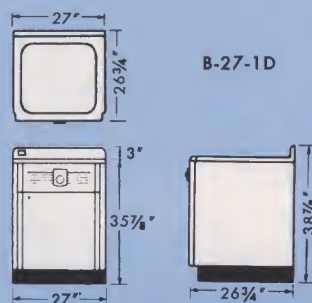

electric sink

B-48-1D

automatic dishwasher

B-27-1D

SPECIFICATIONS:

Tops and dishwashing tubs of Dishwasher and Electric Sink shall be finished in acid-resisting porcelain enamel. Cabinets shall be manufactured of highest-grade, cold-rolled steel, free from rust and defects; and shall be finished in white synthetic enamel, two coats applied and baked on. Trim shall be of stainless steel. Back-splash shall be 3" high.

Motor: $\frac{1}{8}$ h.p., 3450 r.p.m. Motor current: A.C., 110-115 volts, 60 cycles, 4.6 amps. Motor bearings: permanently oiled. Time rating: continuous.

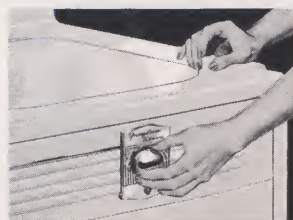

Electric Sink: Sink bowl shall be deep-drawn enameled steel, with integral back, bowl, roll rim and ledge. Top shall be finished with white, acid-resisting porcelain enamel. Faucet and faucet handles shall be chrome-finished.

Net weight: 265 lbs. Shipping weight: 312 lbs. Floor under Dishwasher cut out at right rear of tub for drain, 6" x 12". Storage capacity of compartment, 6.0 cu. ft.

Automatic Dishwasher: Net weight: 187 lbs. Shipping weight: 225 lbs. Floor cut out at right for supply and drain, 6" x 12".

**NO OTHER METHOD WASHES
DISHES SO CLEAN, SO FAST!**

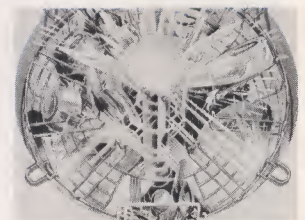

HERE'S WHY . . .

So fast! In just 9 $\frac{3}{4}$ minutes, all the dishes for a family of six are washed, flushed and rinsed . . . automatically. Exclusive Hydro-Electric Control makes this possible. No man, woman or other machine can match this efficiency!

So clean! Booster heater, thermostatically controlled, raises water temperature to just-right degree for perfect dishwashing—hotter than hands can stand. Dishes are washed, flushed and rinsed, then dry quickly in their own heat.

Jet-Tower Action! 58 whirling jets of booster-heated water shear under food soil and film, lift it off. Every contour of every article is washed by pressure-propelled jets . . . no blind spots. Dishes remain stationary during entire operation.

YOUNGSTOWN KITCHENS

FOOD WASTE
DISPOSER

NEW! COMPACT!

Here is the appliance that has become almost as important in modern homes as indoor plumbing . . . and now it's better than ever!

Youngstown Kitchens new Food Waste Disposer is compact, designed to save on labor costs, installation time. Simplified mounting (just 3 bolts) and new 90° swivel-type tailpiece make installation fast and easy. What's more . . . Youngstown Kitchens new Food Waste Disposer is only 14" high, roughs in as high as 6½" below sink bowl.

And Youngstown Kitchens new Food Waste Disposer includes many new features, including self-reversing feature that backs away from conditions that would jam other disposers. Install Youngstown Kitchens new Food Waste Disposer and get full benefit from these superior advantages.

SPECIFICATIONS:

Outer casing is of strong, cast aluminum. Shredding elements are of finest hard steel alloy.

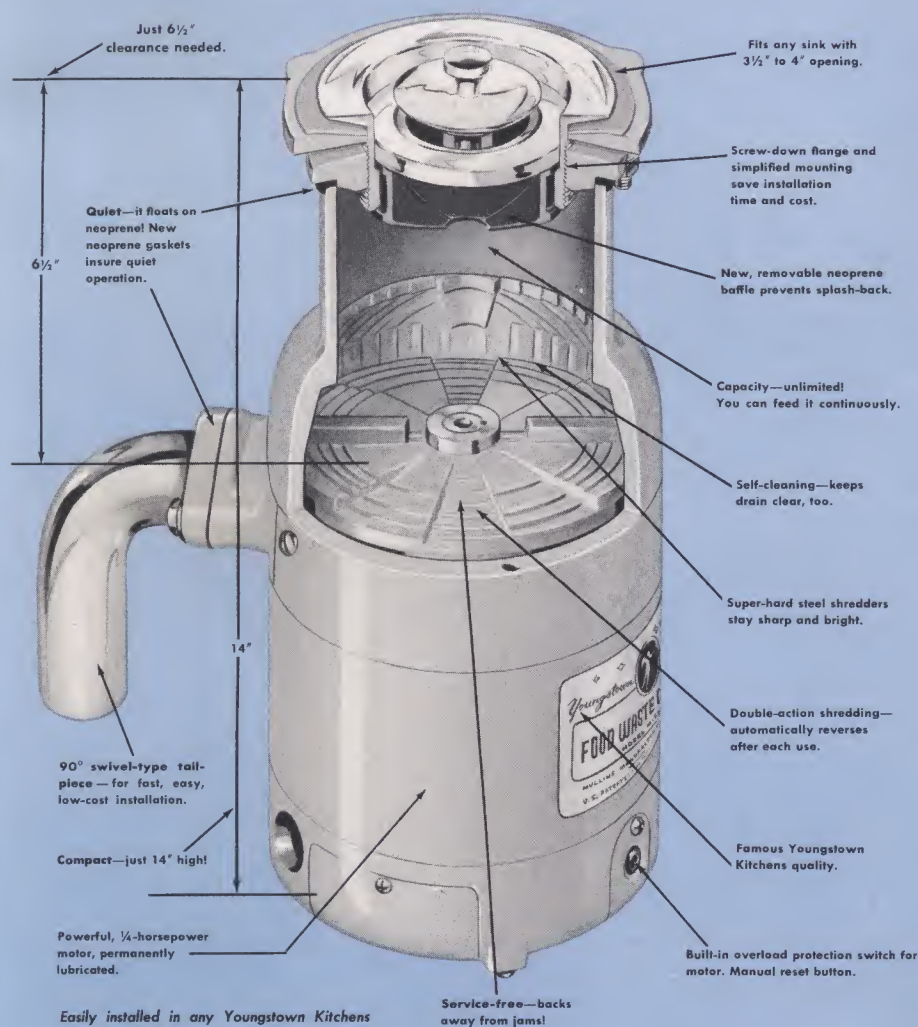

Height: 14". Clearance, sink bowl to waste line: only 6½" needed. Net weight: 36 lbs. Shipping weight: 40 lbs. Capacity: unlimited. Motor: ¼ h.p., capacitor start, induction run, 1725 r.p.m. Motor current: A.C., 110-115 volts, 60 cycles, 5.5 amps. Motor bearings: permanently oiled. Motor time rating: ½ hour.

3 WAYS BEST

1. **Continuous feed.** Feed in food waste until it's all gone.
2. **Double-action shredding.** Two sets of shredder edges and automatic reversing action virtually double blade life.
3. **Self-cleaning action.**

EASY TO USE

Turn on cold water
Flick the switch
Scrape in food waste continuously

Easily installed in any Youngstown Kitchens Diana ensemble sink, Diana-style Cabinet Sink, Electric Sink, and most other modern sinks.

MULLINS MANUFACTURING CORPORATION

FOR THE FIRST TIME IN KITCHEN HISTORY...

The luxury of decorator colors *plus* + the economy of steel Youngstown Kitchens

America's leading artists and decorators have joined with Youngstown Kitchens to offer the latest and best in kitchen decorating . . . *Controlled Color Kitchen Decorating*.

Controlled Color Kitchen Decorating—the first completely coordinated color plan in kitchen history—takes full advantage of the powerful appeal of decorator-planned dream kitchens.

Colorful and exciting new draperies, wall coverings and decals were designed by Associated American Artists to blend harmoniously together. Then . . . the leading manufacturer of draperies, Riverdale Manufacturing Company; the world's largest producer of wall coverings, United Wallpaper Corpora-

tion; the world's largest decal manufacturer, Meyer-cord Company, produced these exclusive patterns. McCall's Magazine arranged and decorated several Youngstown Kitchens using this new color plan.

Thus, six stars in the field of kitchen planning and decorating pooled their talents and resources to bring new beauty, new color harmony, new *appeal* to Youngstown Kitchens.

See actual samples of all the exclusive, new patterns and materials in Youngstown Kitchens new "Decorator's Handbook." Full-color pictures of decorated kitchens and suggested decoration schemes make it easy for you to become a kitchen-decoration expert.
